

APPENDIX C:
PROJECT EVALUATION RESULTS & RANKINGS

WSP | Parsons Brinckerhoff

February 2016

Cherokee County Comprehensive Transportation Plan

Table C.1 below provides a guide to the project evaluation results and rankings tables that follow. This appendix is organized into six tables corresponding to each of the improvement categories and covers the projects included within **APPENDIX B: COMPREHENSIVE PROJECT LIST**, with the exception of Maintenance and Transit projects. The evaluation of transit investment scenarios is covered in detail within **APPENDIX F-2: CATS SUSTAINABLE FUNDING PLAN**. Each table contains information related to a given project’s anticipated performance based on the evaluation metrics and performance measures that are outlined in Section 8.4 of the Final Report for each improvement category and facility type.
