

City of Holly Springs Residential Burn Permit Guidelines

770-345-5536

- All Burning operations shall comply with the “Rules for Air Quality Control” chapter 391-3-1 as written and amended by the Environmental Protection Division and these standards.
- Homeowners or residents of single-family residential property are authorized to have open fires provided all of the following requirements are met:
 1. The fire(s) must be on the property occupied by the person receiving the permit.
 2. Only natural vegetation can be destroyed by burning. “Natural vegetation” includes sticks, tree parts six inches and less in diameter, grass, pine straw, hedge trimmings, etc. Burning of poison oak, poison ivy and any other vegetation which produces severe respiratory damage is not allowed. Burning of cardboard, treated wood, materials containing petroleum products, i.e., tires, plastics, wire insulation, roofing shingles, etc. is not allowed.
 3. No vegetation pile shall be larger than six feet in diameter by two feet in height.
 4. There shall be a minimum of ten feet between vegetation piles
 5. No burning is allowed within 50 feet of a structure.
 6. No burning is allowed within 25 feet of a wooded area, pine island or other lightweight class A fuel.
 7. No fire shall be within 25 feet of the adjacent property line.
 8. All open fires shall be constantly attended by a competent person 16 years of age or older to monitor and control such burning. A rake, shovel or similar hand tool and charged water hose that will reach to the most remote point of the burn material is to be immediately available.
 9. No more than two burning piles are allowed at any one time.
 10. Failure to comply with these rules which results in an uncontrolled fire or a valid complaint by nearby property owner(s) or resident that requires the response of the county fire and rescue service will result in the fire being extinguished immediately.
 11. Fires will be authorized between the hours of 10:00 AM and one hour before sunset.
